Introduction

- Provides a list of parts with part highlighting for easier identification.
- Allows deleting of parts from the list on eligible parts.
- Allows editing of symmetry* on eligible parts.
- Allows selecting parts for Action Group assignment.
- Shows either all parts or only those that are hidden from the editor's Parts List.
- Shows unavailable parts** with option to buy individually or all.
- Part highlighting uses the highlight FX introduced in KSP 0.90.

* *Symmetry is edited on the designated part, its counter parts and all symmetrical child parts.*

** *Only available in career mode with difficulty set to require part entry costs.*
